

STANDARD FEATURES

Skyfood Heavy Duty Meat and Bone Saws SI-315HDE-1 (single-phase) and SI-315HDE-2 (three-phase) are ideal for large butcher shops, grocery stores and other meat processing operations.

These floor model units feature a 124" long blade with 4 teeth per inch and a powerful 3 hp motor. Entirely constructed of stainless steel for longevity.

Comes standard with a sliding feeding table and a thickness gauge plate to ensure precise cuts. Includes an easily removable large lower scrap pan to catch bone dust and maintain the area clean. Upper and lower doors and wheels, sliding and stationary tables are easily removable to facilitate cleaning at the end of the day.

Safety Features include:

- Blade guide guard above the cutting zone.
- Emergency button easily accessible.
- Reset button prevents the machine from turning back on automatically after a power shortage.
- Upper and lower doors equipped with a safety switch that will stop motor when opened.
- Column blade guard equipped with a safety switch that will stop motor when removed.
- Motor equipped with an overload protection switch to prevent it from overheating.
- ETL certified under UL 763, NSF 8 and CSA C22.2 No. 195 Standards

SI-315HDE-1 (single-phase) SI-315HDE-2 (three-phase)
