

PQV-04
Vetro Warming Shelf

STANDARD FEATURES

The Tomasi PQV-04 Vetro Warming Shelf is a medium-sized countertop unit ideal for hotels, restaurants, country clubs, and catering events. Its robust yet sleek design provide durability while elevating steam pan presentation. Built with a stainless steel base with black enamel finish and a black tempered glass warming surface for both strength and a sophisticated look.

Large warming surface 24" wide by 16" deep accommodates one full-size, two half-size, or three third-size pans. Digital temperature control precisely displays desired temperature. Capillary thermostat maintains consistent temperatures between 212 and 302 degrees Fahrenheit and guarantees even heat distribution to the entire warming surface.
