CMA DISHMACHINES

MODEL E-EXT

LOW WATER MACHINES

WARNINGS:

- Plumbing connections must be made by a qualified service company who will comply with all available Federal, State, and Local Health, Plumbing and Safety codes.
- CMA recommends utilizing a water softening system to maintain water hardness measurements of 3.5 gpg (grains per gallon) or less. This will assure maximum results and optimum operation of the dishmachine.

Summary Specifications: Model E-EXT

CMA Energy Mizer model E-EXT low temperature, chemical sanitizing commercial dishwashers meet ETL, UL, and CUL sanitation and construction standards WITHOUT the use of BOOSTER or TANK HEATERS. The model E-EXT is constructed entirely of stainless steel. Each unit automatically washes, rinses and sanitizes utensils in standard 19-3/4"-19-3/4" racks. Units come with standard upper and lower stainless steel wash arms. **Note: This machine does not have built-in heaters, therefore produces no steam.**

Available Models: ▪ E-AH Straight EXT ▪E-C Corner EXT ▪ E-3-Door EXT

Advisory: CMA does NOT endorse "Tankless On-Demand" water heaters for use on CMA Dishmachine products. CMA DOES endorse, and highly recommends, the standard "tank" style water heaters, sized properly to handle each particular facility with their water heating requirements.
