Diamond Show Case

Display Cases
Refrigerated Show Cases

Model : CRT-77-2R-N

Pass Through

FEATURES & BENEFITS

- ***LED lighting interior display system***
  Safety shielded 4 LED lighting system on every corner of the cabinet ensures a longer life and brighter lighting than fluorescent light bulbs, providing attractive, enhanced and shadow-free illumination.

- ***Hydrocarbon refrigerants (R-290)***
  With innovative and eco-friendly technology, Turbo Air brings you hydrocarbon refrigerators designed to meet DOE's Energy Conservation Standards in 2017 and to use EPA's SNAP Program approved HC refrigerants. Hydrocarbon refrigerants do not deplete the ozone layer and have very low contribution to global warming (ODP-0, GWP-3).

- ***Sturdy, clean stainless steel shelving***
  Shelves are the most important part of cleanliness as they come in direct contact with food. After a while, PVC coated wire shelves may peel, rust and lead to unsanitary conditions. Only the Turbo Air Diamond Show Case uniquely provides stainless steel shelving.

- ***Beautiful 4 sided glass cabinet allows visibility from all sides to optimize display effect***

- ***Compact size and countertop design occupies minimum space but maximize impulse sales***

- ***Great space efficiency is ideal for narrow space restaurants and convenience stores***

- ***Elegant contemporary Euro design will enhance the interior and space decoration of any store***
